**Historic District Commission**

## Certificate of Appropriateness

Plans for: 104 North Main Street

Applicant/Building Representative: Jeff and Kristen Strong – owners  
Dick Moscovic - builder

The Clarkston Historic District Commission approved a Certificate of Appropriateness at their January 9, 2018 meeting. The proposed work was for:

Addition of a “mudroom” vestibule on the south side at the existing side entrance.  
While proposed to match the existing, permission could vary from the existing trim, columns and details to differentiate the new construction from the existing.  
Repair/rehabilitate the existing front porch to match existing details.

A Certificate of Appropriateness (CoA) is only approval for the requirements of the City of the Village of Clarkston Historic District and does not replace or supersede zoning, building construction permit, other city ordinance and legal requirements. A Historic District Commission CoA is valid for one year. If the approved work is not complete within that time, please contact the city office for review.
